ABOUT THIS WINERY

Astoria was founded in 1987 by a family of several generations of winegrowers and has made quality one of its leitmotifs. Astoria combines its name with the product par excellence of the wine-growing tradition of the Veneto region: Prosecco. The company produces wines from the "Domaine Val De Brun" in Refrontolo, in the region of Conegliano. In Quebec, we recognize the house by the Fanò, a Prosecco in the Asolo DOCG appellation.
