Over the years, the estate has grown by acquiring new land and has specialized in the production of high quality wines such as Amarone and Ripasso.

PRODUCTION NOTES

Manual harvesting at the end of September; fermentation in stainless steel vats for around 9 days; it is subsequently re-fermented on the grape pomace from the Amarone for 12-13 days, with daily pumping over. It then matures for 18 months in 65 hl Slavonian oak casks and for 6 months in bottle.
