ABOUT THIS WINERY

The foundation of the winery was laid in 1679. For more than 300 years, mixed farming had been practiced in the flatlands and on the terraces around Langenlois, with viticulture playing only a minor role. It wasn't until the second half of the last century that the farmers working in the region began focusing exclusively on winegrowing, drawing on a wealth of experience that has been passed down from generation to generation.

PRODUCTION NOTES

After a strict pre-selection, the grapes were harvested in several iterations - each at its best time. The grapes were gathered by hand and placed in small buckets before being brought carefully to the winery's cellar in harvest boxes. Without delay, the grapes were transferred directly from the boxes to the press. At a pressure of 1 bar, the whole bunches were gently pressed without any damage to the ridges.
